He has never hissed or shown any aggression towards people or animals, even if he has just met them. He got his name because he quickly became a foster favorite. She began calling him “my beau” when she would pick him up for cuddles and kisses because he was so happy to see her and is such a sweet boy.

Children? Beau would love to have kids to play with.

Other cats? Beau would do great with other cats and would be happiest with another cat in the home.

Dogs? Beau has never been tested with dogs but given his calm, benign demeanor he should do well with friendly dogs.

Background: Beau and his pregnant sister were surrendered to a partner rescue in Reisterstown, Maryland. The rescue has a tiny facility and limited resources, but they were scheduled to transport two cats to 4Paws for the café. So 4Paws agreed to take Beau as well, and his sister stayed in Reisterstown where she and her babies can be cared for until they are ready to be adopted.

Medical or special care notes: Beau has had vaccinations for rabies and distemper, is microchipped, and has been neutered. He has tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble.
