

NAME: Big Tiny

GENDER: Male

DATE OF BIRTH: September 10, 2018

FUR LENGTH: Long

COLOR: Grey tabby/Maine coon mix

**Purrsonality:** Big Tiny is all about loafing and has made it his mission to sprawl on every couch and chair in Meows Corner for naps. He easily gets along with all the other kitties and has become a crowd favorite, especially when he proudly displays his belly floof while napping. He likes other cats and people.

**Children?** Because of his mature age, Big Tiny would do best with older children, ages 12+

**Other cats?** Big Tiny can be an only pet or with other friendly adult cats.

**Dogs?** Big Tiny should do OK with dogs.

**Background:** Big Tiny was initially adopted with Obie from Berkeley County Shelter in West Virginia. Their owner lived with her parents and became too busy to care for the cats, so she worked with a 4Paws Rescue partner to rehome them.

**Medical or special care notes:** Big Tiny has had vaccinations for rabies and distemper, is microchipped, and has been neutered. Countryside Animal Hospital examined Big Tiny when he developed a cyst on his side. They drained it but it returned. He has been cleared medically with instructions to leave the cyst alone and observe for any changes that may warrant a vet visit. He tested negative for FeLV and FIV. He is eating Fancy Feast classic pate and Purina One kibble. Big Tiny's adoption fee has been sponsored by a generous 4Paws donor.
