Purrsonality: Ellie is a quiet and polite young girl that is friendly but will hold her own if challenged by an unfamiliar cat. She doesn't escalate and would like to get along with everyone. She is initially a little cautious with unfamiliar people but will warm up quickly if she is allowed to sniff before any petting commences. Still a young gal, Ellie likes playing by herself and occupies her time people watching and cat watching at the café.

Children? Ellie would do well with kids over 10.

Other cats? Ellie would do well with a friendly, welcoming cat or as an only kitty.

Dogs? Ellie will probably be scared of larger, noisy dogs.

Background: Ellie was found with Maurice in a screened-in porch in southern Alexandria. They were able to go in and out of the porch because of a tear in the screen. The house was vacated by renters a few weeks before the cats were found, but it is unknown whether the cats were left behind or were strays that sought shelter in the porch. Ellie was pregnant and their rescuer thinks Maurice is the father of her 4 kittens.

Medical or special care notes: Ellie has had vaccinations for rabies and distemper, is microchipped, and has been Spayed. She has tested negative for FeLV and FIV. She is eating Fancy Feast classic pate (no fish flavors) and Purina One Indoor Advantage turkey.
